## **For Further Thought and Discussion**

### **Getting Started**

1. What was helpful to you in this week's sermon? What didn't you understand?
2. What is the most consistently satisfying thing in your life? Why do you think lasting satisfaction is difficult to find?

### **Going Deeper**

3. Please read John 4:1-42. Why do you think Jesus left the Jordan to return to Galilee? Why did He have to go through Samaria? Why would this route be unusual for a Jew to take?
4. Why is the woman Jesus meets at the well surprised that He would speak to her? What does this tell you about Jesus? Can you think of other times Jesus was unconventional?
5. What do you think Jesus means by "living water?" What do you notice about the way the woman responds to Jesus at this point?
6. Why does Jesus ask the woman to bring her husband? What does this suggest to you about this woman? How does she respond? How does Jesus answer her question? How does the woman respond to Jesus?
7. What lessons do you discover from this conversation about talking with people about Christ?
8. Jesus talks to the woman about water and to His disciples about food. See any connection between these conversations? What is your well? What is your daily food?
